

Hosting of Angels

The hosting of the Archangels began in New York in 2010 by a German medium.

A visit by some unnamed angles, highly placed in the hierarchy, appeared as an inspiration for the movie "Pay It Forward". It has been said that by the 20th repetition the whole world could be affected. It is an honor and a gift to allow you, your family, and home to be imprinted with their light but it does require personal participation on your part.

By hosting the five Angels (Michael, Gabriel, Raphael, Uriel, and Metatron) you are assisting them in their service to humanity, Mother Earth, and all universes in more direct ways. They thank you for your participation. It is angels' desire to go about the earth and stay **five** consecutive days to work with **three** individuals to help fulfill their three personal wishes'. The people that you choose must agree to host the angels. The angels will rest for five days after leaving your home and before they make the journey to their new hosts.

During this rest period the new hosts will have time to prepare for the angels' visit. You will need to send the next three hosts that you have chosen this information. You must let them know the exact date and time of the angels' arrival and departure of the hosts' home. The time, 10:30 p.m. stays the same regardless of time zones. With a complete day consisting 24 hours, the Archangels' visit is always five days (example – arrive Thursday at 10:30pm., leave Tuesday at 10:30 p.m..) They will rest for five days before they begin another five day visit with the new host. It is important to remember the angels will arrive at the new home on the agreed day at 10:30pm. Between each five-day visit the angels rest for five days before travelling to their new hosts' home.

Here is the outline detailing what you are to do to prepare for their visit.

You will welcome and host the Archangels for five days from 10:-:30 p.m. to 10:30 p.m. Before they arrive you will need to prepare a small alter consisting of the following:

- 1) A **white flower**
- 2) A **candle** that will stay lit the whole tme they are with you (It needs to be lit shortly before they arrive to show them that they are being called to your home. It is to be left on while you are at home.
- 3) An **envelope containing** a letter with your three wishes; one for Mother Earth, one for your family, and one for you personally. Formulate your wishes in a clear and concise way.
- 4) An **apple** to be placed on top of the envelope containing your wishes.

Welcome the five archangels when they arrive at your home. You are to open your front door and read the following greeting:

***Hello and Welcome to my home Archangels. You were sent to me from _____,
I am very grateful to each of you for purifying and bringing peace to this place and to the beings
who live in it.
I am grateful to you bringing joy, harmony, and serenity to all of us
.I am very grateful to you fulfilling my wishes.***

From that moment on the Archangels will make things happen.

It is recommended to regard the five days as special time to give room for the vibration of higher energies to realign many things. For some this may mean you want to ask questions or you may want to be able to find a quiet moment in your busy day. But remember, there are no limitations, just TRUST.

You may also ask them to go with you throughout the day. If you travel during this time you can arrange for them to join you. When it is almost time for the Archangels to leave, write the names and addresses of the three people that you have asked to host them on a piece of paper. Use your candle to burn this paper with the names and addresses on it. This will pass their names into the etheric for the Archangels to know where they are to go next. Send your thanks and love to the angels for all of their help.

Once the Archangels leave, burn the envelope containing your wishes, eat the apple, extinguish the candle, and place the flower outside upon the earth.
